CBSE – Intel AI-THON

15 – 19 July 2019, Chandigarh

Inviting students to join the first ever CBSE – Intel AI- Thon

CBSE in collaboration with Intel, is hosting a five day deep dive hands on workshop: AI-THON for students.

The full day workshop aims to introduce students to the basics of AI and taking them through the complete journey concluding with converting ideas to projects. This is in sync with the inclusion of AI as a subject by CBSE from the current academic year.

During the AI-THON, students will attend sessions on following topics

- Computer Vision
- Data collection
- Natural Language Processing
- Privacy
- Diversity
- Accountability
- AI ethics
- Creating real time projects

The key objective is to enable and empower students with AI skills and use them to find solutions to the problems faced by the community related to climate change, food security health, sanitation etc. and become AI ready.
