Exam Centre Locator - another first by the Board

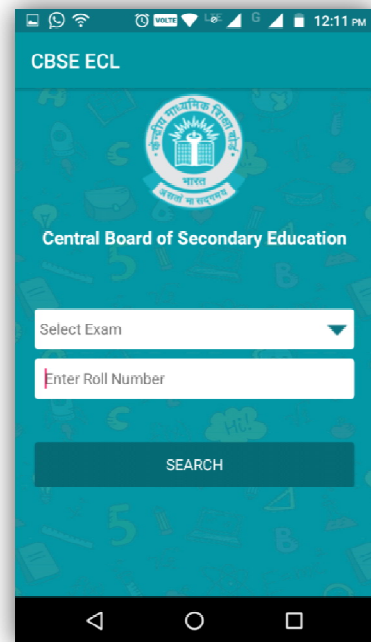

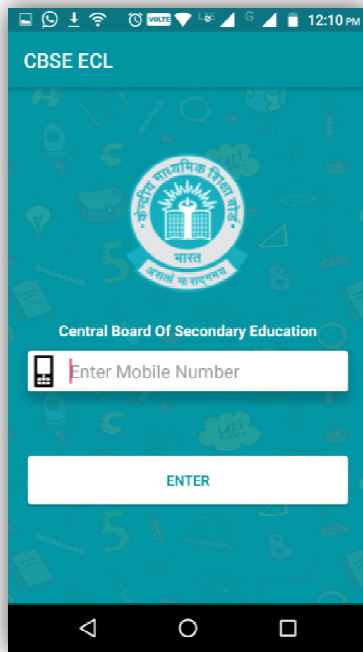

As a sequel to several IT initiatives taken by the Board and in its endeavor to facilitate students, CBSE has introduced a unique Mobile App developed for students appearing for CBSE class X and XII Examinations beginning 09th March 2017.

The Exam Locator App helps students to quickly know the exam centre on the basis of Roll Number. A student can easily find the address, images and geo location of the designated exam centre on the map and know how to reach.

Key features of the App

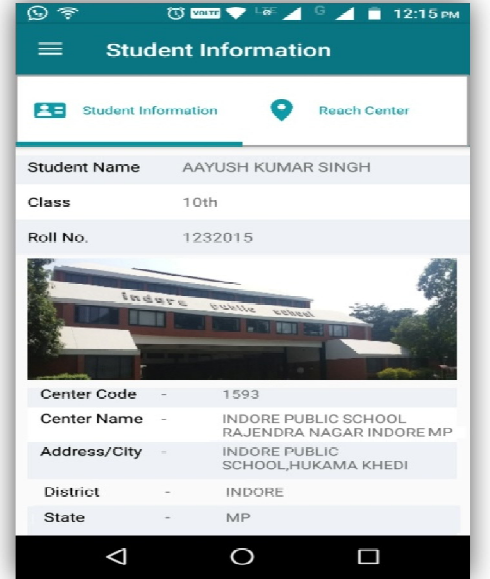

- A student or a parent has to register through mobile number to receive an OTP (One time password) number. The OTP will help log on to the Centre Locator App. The student or parent can then access information by selecting the option X or XII and entering the Roll Number.

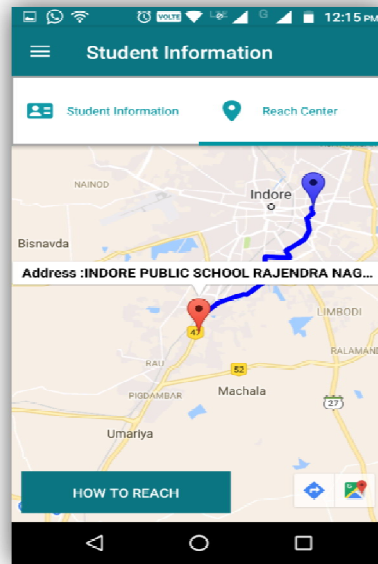

केन्द्रीय माध्यमिक शिक्षा बोर्ड CENTRAL BOARD OF SECONDARY EDUCATION

- The **student's information, address and photograph of the exam centre** will be displayed on the screen for easy identification by the students.

- How to reach** – this feature enables students to fetch the **route map** from their current location to the Exam center location, thus, enabling quick assessment of the time needed to reach the center.

*(The addresses and visuals mentioned here are only for purpose of demonstration.)
