

CBSE class 10 and 12 exam held on 02nd April, 2018

CBSE conducted Class Xth and XIIth exams smoothly today as per schedule across the country amidst the call for Bharat Bandh. The Board had to postpone the examinations in the State of Punjab at the request of Director General, School Education of Punjab Government. Therefore barring Punjab, approximately 6.2 Lac students of class X and XII appeared in various exams for various subjects today including Hindi, Sanskrit, Gujarati, Nepali, Kashmiri, French and Urdu.

In few instances at some centres in the country, the exam was delayed by a few minutes to half an hour due to the bandh. However, the students were facilitated to reach the exam centres and also given additional time to complete the exam without any inconvenience or anxiety, as per standard procedures.

Amidst an atmosphere charged with rumour mongering, the exams went off without a hitch. CBSE would like to thank all its stakeholders, including children, parents and schools for their extreme cooperation and for not giving heed to rumours.
