### CIRCULAR

CBSE has declared the date sheet of the classes X and XII for Term-I Examinations. Some queries have been received by CBSE to know the difference between major and minor subjects.

Accordingly, it is clarified that the said classification of subjects has been done purely on administrative ground for the purpose of conduct of Term-I Examinations. This has been done based on the number of candidates appearing in the subject and in no way reflects the importance of subjects as Major or Minor. Subjects placed in the date sheet of minor subjects includes Regional Languages, Applied Mathematics, and English Elective etc. Every subject is of equal importance from Academic point of view. All these subjects have been put under minor category for the purpose of administrative convenience in relation to the logistics required for the conduct of examinations.

Further retreated that as per the scheme of studies and Curriculum of CBSE, all subjects in both the classes are having equal weightage and importance.
